

ATTENTION

It has come to our attention that there are a lot of unapproved items that are outside of the units. You will need to clean up any all items that do not belong outside.

- Inside trash cans
- Coolers
- Inside furniture (chairs, recliners, tables)
- Kid's toys (Outside kids' toys must be put together, not broken, and stored up against the unit)
- Strollers
- Tables
- Mop buckets
- Gas cans are NOT allowed
- Boxes
- Baskets/Totes
- All gardening areas must be weeded.
- Etc.

If you have any unapproved items outside your unit you will be given a written notice to remove the items. You will be given a re-inspect date and if the items are not removed, we will remove them, and you will be charged.

All items that are being disposed of must be out by the road THE DAY of pick up. No earlier. You must call your trash provider for a special pick-up at your expense.

REMINDER: All hoses need to be unhooked for the winter and store inside. If our maintenance is out in the development and notices your hose is still hooked up, we will unhook it, remove it and you will be charged.
